

PRODUCT SPECIFICATION

CBT (Cannabicitran)

DESCRIPTION

- >95% distillate containing CBT
- Free from residual solvents
- THC level is non-detectable

SPECIFICATIONS

Smell: Subtle odor which can vary

Molar mass: 314.5g/mol

ChemSpider ID: 2859003

CAS Number: 31508-71-1

Formula: $C_{21}H_{30}O_2$

STORAGE

Cannabinoids are subject to degradation due to ambient factors and time, including heat, light, temperature, pH and time conditions.

Store, formulate, blend, package, ship, label and use accordingly.
